Anaheim Living Wage Initiative – Yes Vote

**** Why we need a Living Wage -** The minimum wage is necessary to protect taxpayers from the rational desire of firms to get something for nothing. Many large cooperation can afford to pay higher wages but choose profit over pay for workers. These companies depend on tax payers to pay for items needs to support workers needs and increase cost to tax payers due to medical, food, health, and other needed benefits. The Living Wage Initiative came out of the City of Anaheim giving huge tax rebates from the TOT Tax to large corporations. The TOT Tax is paid by tourist staying in Anaheim Hotels/Motels. The rebate becomes profit to those getting the rebate. In addition, the rebate reduces money for the city to operate on. These rebates have not benefited workers in any way and only increases the profits for large corporations.
